No accounts have been received from W<sup>m</sup> the C. I. O. since the first of October 1796 as you are security for M<sup>r</sup>. Crochet & hold the office now, yourself. You will see by the post office law and the 18<sup>th</sup> instruction annexed that accounts are to be rendered immediately after the close of each quarter; there is

Sir By the books of this office there appears to be a balance of eighty five cents due from the late W. John Dobson post Master at Wilkes up to the 1<sup>st</sup> July 1796 since which no accounts have been received from him. This is therefore to request that his amounts may be made out from that time to the day he ceased to hold the office, & be forwarded to this place: and that the balance which shall arise thereon together with the above balance be paid to W. James Patton Post Master at Wilkes.

As the law requires all post office accounts to be made out & settled quarterly I hope you will have this business completed as soon as possible.

Sir

I have received your Letter of the 20 September and now enclose you Three hundred Dollars in Bank Notes also a Draft on William Chowning for  $72 \frac{26}{100}$  Dollars and one on yourself as Post master for  $43 \frac{74}{100}$  dollars making in all 416 dollars —

Your Commission of  $11 \frac{94}{100}$  dollars & your expences to the northern necks of  $12 \frac{26}{100}$  dollars I have credited to your account as Post master which leaves a balance of  $43 \frac{74}{100}$  dollars due on that account agreeably to my Books — In the statement which you have forwarded you credit the balance due on that account up to the 1<sup>st</sup> of July 58 dollars,

197

197  
\$33 cents, from which deduct the above Contingent expences would leave but  $34\frac{1}{2}$  dollars due on that account which differs from my Books of  $\frac{61}{100}$  Dollars — My account of your transactions as Contractor corresponds with your own Statement, but the difference between us in the Post Office Account I suspect arises from errors discovered in your quarterly returns — My Draft of the 16<sup>th</sup> last on you as Postmaster for  $49\frac{26}{100}$  dollars exactly balanced the Post Office account to the 1<sup>st</sup> of January & the April Quarter as entered in my Books amounted to  $31\frac{24}{100}$  dollars & the July quarter to 36 Dollars making together  $67\frac{24}{100}$  dollars from which I deduct your commission & Contingent expences before mentioned which leaves  $43\frac{74}{100}$  dollars the sum for which I have now drawn — As soon as this Letter comes to hand please to return the enclosed receipts —

Madam

I enclose four Drafts in your favor amounting to Three hundred and Thirty three Dollars which are for your pay for the quarter which expired the 30 Ult<sup>o</sup>

In January last I forwarded a Draft in favor of the late Mr. Townes for 274 dollars and 93 cents on Wm. B. Lamb which Draft he refused to pay — I believe this draft has never been returned to this Office if not, request you will have it transmitted as soon as convenient to you —

Mr. Willis Wills

October 19, 1797

Sir

Your letter of the 8 Ult<sup>o</sup> has been received, and for your aid in the Conveyance of the Mail, please to accept the thanks of the Post Master General —

Mr Thornton has forwarded two Drafts on this Office for 83  $\frac{1}{2}$  Dollars each, which I have accepted payable on condition that the mail shall be regularly carried agreeably to his Contract, and also that one of them shall be subject to a Deduction for whatever Balance shall be found due from Mr Thornton as Postmaster — Mr. Thornton has rendered his Post Office Accounts up to the first of February last, and I have stopped Thirty five Dollars and 51 Cents out of his pay as Contractor for the quarter that ended the 30 Ult<sup>o</sup> — which I conclude will be sufficient to cover the Balance that will arise on his Post Office from the first of February to the time that he shall continue to hold the Post Office, so that it is probable his Draft will not be subject to much if any Deduction —

The Post Master General having no acquaintance at Warminster will be much obliged to you to recommend a suitable character to succeed Mr Thornton in the Post Office —

I enclose Mr Thornton's two drafts which are each of them ten Cents short of his quarterly pay.

For this Balance I now enclose a Draft in your favor as Contractor & request you will sign the enclosed receipt and return it to me immediately — This Draft with what will be due on your accounts as Post Master will I conclude be sufficient to balance your account as Contractor to the 1<sup>st</sup> instant — I must request an immediate transmission of your Post Office account from the first of February to the first instant and if a Balance is found due to you it shall be immediately forwarded — You have not yet sent me a receipt for your pay for the quarter ending the 31 March last I therefore request you will date, sign and return the enclosed receipts for the payment of that Quarter —

Your accounts for the two last quarters have been found very erroneous — The Balance of the account ending the 30 June has by various errors discovered in it been increased 78 dollars & 64 cents — Enclose a Memorandum of the Errors in that account — The Balance of the account for the quarter ending the 30 September has been diminished 84<sup>64</sup><sub>100</sub> dollars as you will see by the errors noticed upon your statement, which I now return, together with your statement of the preceding Quarter, and request you will make fair Copies of each and return them to me I hope

hope in future to find your Returns made out with more correctness.

I have received your letter of the 7<sup>th</sup> ult<sup>m</sup> by which it appears that you were greatly mistaken with respect to the sum due from the Post Office at Geneva when Mr. Paine first presented the Post Master Generals draft of the 5<sup>th</sup> of August last for  $46\frac{49}{100}$  dollars — As I have since received Mr. Paines receipt for the payment of this Draft I conclude you have discovered your mistake — I now enclose a statement of our account with Mr. Greene by which you will see there is a balance of 104 dollars & 6 cents due, on the Returns upto the 1<sup>st</sup> instant from which deduct the draft above mentioned and there remains Fifty seven dollars and 57 Cents —

On the 30 ult<sup>m</sup> I drew on you in favor of Mr. Paine for 50 dollars more which I trust will be duly paid, & the residue of the balance being  $7\frac{57}{100}$  dollars, you will please to remit to this Office immediately on receipt of this Letter

Jonathan Bready Esq. October 22<sup>nd</sup> 1797

Sir

I<sup>3</sup>  
duly received your Letter of the 12<sup>th</sup>  
Instant, with your Accounts and Forty Dollars and  
Twenty cents which sum I have entered to your Credit —

Your Letter to the Post Master General of the  
18<sup>th</sup> Ult: was also received in due time — By this letter it  
appears that you suppose I have made a mistake of one dollar  
in acknowledging the receipt of the money which you  
forwarded in your letter of the July last — The sum  
which I acknowledged the receipt of was 30<sup>25</sup>/<sub>100</sub> Dollars, & it  
appears by your letter in which the money was enclosed that  
this sum agrees within half a Cent of your own account  
of it — I now return your original letter that you may  
be convinced that the error lies with yourself — Your  
Account in my Books is exactly balanced to the first of  
July 1797, & your account for the last Quarter has not  
yet been examined, but from your usual accuracy in your  
returns I conclude no errors will be found in it —

I make it a Rule never to give receipts in full of accounts  
up to any particular period, when I acknowledge the  
receipts of Balances that accompany the Deputy's quar-  
terly returns, because it seldom or ever happens that the  
accounts have been examined when I acknowledge the

money, and there would be an evident impropriety in my  
doing it; because it happens that the balances of at least three  
fifths of the accounts are varied when examined at this  
Office —

Sir

I have received your letter of the 30<sup>th</sup> Ult:  
with your Accounts for the last Quarter — Your Balances  
be pleased to retain as it is convenient for me to draw for  
them in favor of the Contractors — The unreasonable hours  
at which you are obliged to receive and dispatch the mails  
I conceive entitles you to the 40p Cent which you have  
charged on the postage of Letters — The new Post Office Law  
has not yet been printed, but as soon as we have it done one  
will be sent to you —

Sir

Your letter to the Post Master General of

by any of your former Letters that you ever requested a state-  
ment of your Account, but it appears by one of them  
dated the 9<sup>th</sup> of August last that you promised to pay the  
Balance due from you in Sixty days from that date —

Col<sup>o</sup> Hoomes has been lately furnished with a Statement of your Accounts as far as they are rendered, and I request you will immediately pay him the full Amount of the Balance due from you, & transmit your Accounts up to the first Instant without Delay — I am &c CB
