Plate Eleven ONE CENT STAMP 1851 TO 1861

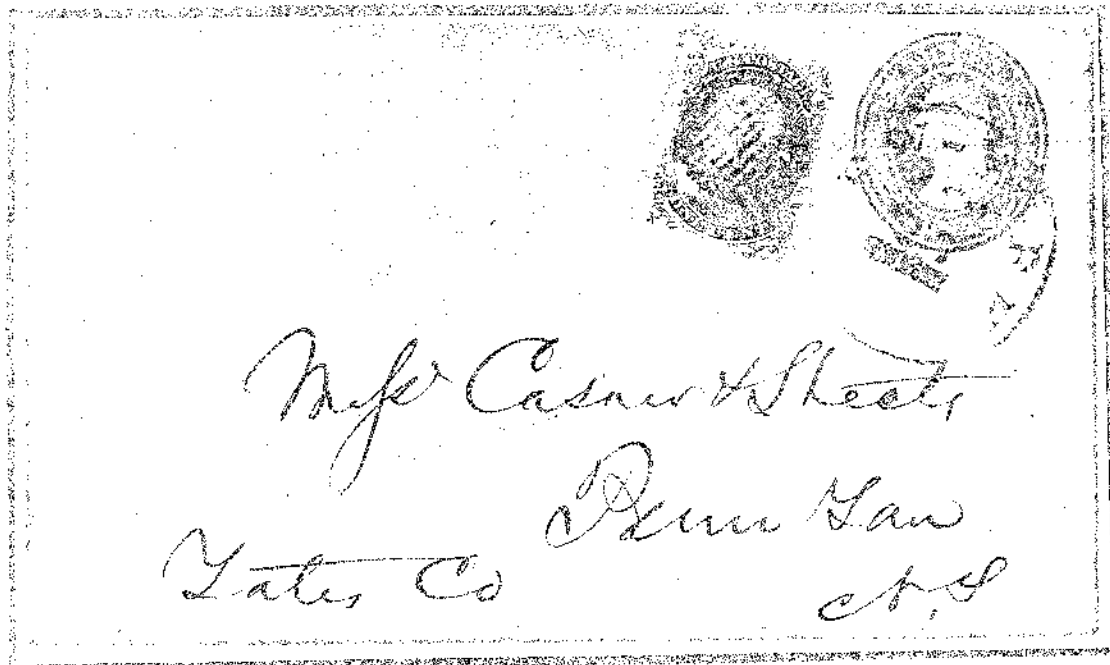

Plate Eleven was made late in 1860. It produced 20 Type II designs found only in top row; the balance were Type IIIA. Each impression had a secret dot in vignette border at left. Scarcity of material has hindered plate reconstruction.

Type II

ONE CENT STAMP 1851 TO 1861

Plate Twelve

Early printings of Toppan, Carpenter & Co.'s last plate had an equal number of Type I & Type II designs. All positions had a secret dot similar to Plate Eleven. Plate was made about December, 1860 despite the contract's end June 30, 1861.
